- Blk 2 Lot 3 Ph4 DLCH 3, Brgy. Graceville CSJDM Bulacan

## About Me

I'm a passionate junior developer with 2 years of experience in JavaScript, React, and Laravel. I love transforming ideas into clean, efficient code and solving problems that challenge me. My experience includes building web apps and APIs. Always learning, always coding. Outside of tech, I enjoy basketball and gaming.

## Education

- Bachelor of Science in Information Technology  
Bulacan State University  
2017 - 2021
- Graceville National High School  
San Jose Del Monte, Bulacan  
2010 - 2014

## Career Objectives

I am seeking an opportunity where I can apply my skills, contribute meaningfully to a team, and continuously grow both personally and professionally. I am highly motivated, eager to take on new challenges, and committed to delivering impactful results while expanding my expertise in a supportive and innovative environment.
